PBS Domain Change

Please take a moment to update your records with our new domain name: pbs.us.com.

Last year Planned Benefit Systems announced that our sister company, Cobra Compliance, Inc. (CCI) and Planned Benefit Systems combined to form one company.

The final step in this process is to change our internet domain name to exclude the reference to CCI. Please note that our new website address is www.pbs.us.com.

While both domains will operate simultaneously during this transition, please take a moment to update your records to reflect this change including changing any links or favorites you may have set up in your computer.

Thank you for your cooperation in this process,

The staff at Planned Benefit Systems
